Principal's Message

This time of year always amazes me – especially in a K – 12 setting. The school continues to be one very busy hub of activity. I so very much appreciate the efforts of all those who help to engage our students in so many varied ways. It really does take a village to raise a child.

Students recently demonstrated their sense of Social Responsibility on Earth Day by cleaning up the community and weeding our flower beds – they did an awesome job and a big thanks goes out to students and all the staff, parents, and/or community members who assisted them!!!

Students in Grades 2 through 6 are working on poetry with Stuart Ross this week. For those of you who don't know him, Stuart has joined us from Ontario; he is a poet/author and writes in the realm of both children's and adults' literature.

Our Secondary Students are working toward one credit in either Fine Arts or Applied Skills this week. They are participating in one of four 'Spring into Learning' sessions: Baseball Camp, Martial Arts, Food Safe and Cooking, and Animation/Film School. These credits gradually add up to the 4 credits necessary for Graduation, but they also provide our students with optional experiences and new opportunities to explore.

Last week, our Student-Led Conferences were very well attended. I want to thank all the committed families who attended – nearly 100% attendance again and it was wonderful to see a few grandparents in attendance. If you were unable to attend, please give us a call – students may take their portfolios home to show you their work.

The Graduation 2009 ceremony is on Saturday, June 13th at 1:00 p.m., in our school gym. Decorating has already begun. Life for these graduating students becomes very intense throughout the next few weeks. Let's hope that the sun shines frequently and gives them the energy required to survive these last weeks of school.
